- *** MINIMUM OF 2 PEOPLE: PRICES FOR A SINGLE PASSENGER ON REQUEST ***
- For each client who takes a safari in this program, 1 USD per day is donated to the foundation "The Kobo trust foundation". In Kenya, bringing in and using any type of plastic bag is prohibited. Using this type of bag can lead to heavy fines. Ivory is completely prohibited in the countries of East Africa; therefore, avoid entering these countries with any amount, however small. This also applies to any type of African animal product. On arrival, passengers receive a pin from the Kawangware Street Children Project association, which represents a contribution from clients to the development of local communities, luggage tags and a safari hat. At The Ark, only small overnight bags are allowed; the rest of the luggage is stored at the base hotel (Aberdares Country Club) and collected the next day. The stay at the Aberdare hotel is without a guide, because the animals are watched from the lodging itself. On regular Spanish-language circuits, if the departure has more than one vehicle, the guide changes cars along the route (in Kenya, 1 guide is included for every 2 vehicles). Only dollars issued after 2013 are accepted in Kenya; earlier ones are not accepted. Luggage should be in soft bags (not rigid suitcases, which are a real problem for transport) and limited to 15 kg per person. Prices were calculated on the date the program was issued; if the exchange rate, fuel or other energy sources, or the level of taxes and fees on travel services rise, the price may be adjusted. Airport transfers, in the city or between cities, are made by minibus or bus. The window seat is not guaranteed. Transfers on regular programs are in shared

vehicles. Transfers in Kenyan cities are made in 7-seat minibuses, unless otherwise stated. Safaris are made in 4x4 vehicles (long chassis, 7 seats, or short chassis, 4 seats, Landcruiser/Landrover, depending on the size of the group). The vehicles have a removable roof for better animal viewing and for taking photos during photo safaris. So that each traveler has a guaranteed window seat, there are at most 7 passengers in the safari vehicle. On safaris in National Parks and Reserves, we run as many safaris as daylight allows, to make the most of the visit to the reserve. The safari at each overnight stop / park is shown in each itinerary. On days when clients have a full day in the park, we offer two safaris: a sunrise safari, from 06.30 hrs to 08.45 hrs, or a morning safari, from 07:30 to 09:45, and the afternoon safari for each option. The afternoon safari usually takes place between 16.00 and 18.00. Ask about possible supplements depending on availability in the quoted air classes and in special periods. Air taxes may vary; the price will be reconfirmed when the air tickets are issued. Ask about supplements and mandatory dinners at Christmas or on special dates. No vaccine is mandatory for this trip. A yellow fever vaccination certificate is required for travelers over one year old coming from countries with a risk of yellow fever transmission. Keeping the official vaccination schedule up to date is recommended. The Spanish Ministry of Health, in line with the WHO, recommends keeping the vaccination schedule up to date and a series of vaccines, among them hepatitis A and B, tetanus-polio, typhoid fever, Japanese encephalitis and influenza.
